Our Lunch Box Ice Packs provide good expansion and keep your food cold all day. Be sure to reserve a certain amount of space for the air conditioning fan ice crystals and add water by yourself for maximum effectiveness.

After adding water, the ice crystal particles will expand. You need to reserve a certain space. After expansion, put it in the refrigerator for about 2-4 hours and then take it out for lunch bags. With the characteristics of long cold storage and reusable use, Cooler Ice Packs can be used as air conditioning fans to make the cold air more frosty.
