Christmas Island Phosphates. Christmas Island Phosphates has been in operation for over 30 years and has exported over 16 million tonnes of rock phosphate to customers in Malaysia, Indonesia, Australia and New Zealand. It is the Island's largest private business and employer, and continues to be the backbone of the Christmas Island economy ...

The red crab migration is Christmas Island's biggest tourist attraction, drawing nature-lovers from all over the world. The easiest places to watch the migration and spawning are Drumsite, Flying Fish Cove, Ethel Beach and Greta Beach. To protect our red crabs, some sections of roads may close for part or all of the day during the peak migration time, often at short notice.
