

How renewable energy penetration can be achieved in Argentina?

Renewable energy penetration. In order to reach the 20 % target for 2025, installed renewable generation capacity must increase to 10,000 MW from a current base of only 800 MW in operation in the country. Power demand in Argentina has historically grown by 2-3% p.a. and it is high

Is the Argentine renewable PPA market a corporate market?

This initial trend started to shift towards a corporate market through Resolution No. 281/2017 of the Argentine Ministry of Energy and Mining (currently, Secretary of Energy), which established a set of rules for the corporate renewable PPA market (MATER).

Can forestry waste be used to generate electricity in Argentina?

Biomass and waste-to-energy in Argentina have long been overlooked. Argentina's varied environmental ecosystems fuel the growth of diverse crops (including soy), which creates potential for biomass energy. Studies have shown much of the six million tonnes annual forestry waste in Argentina could be used to generate electricity.

Why is Argentina implementing a new regulatory framework?

Source: IMF Projections>The government of Argentina has implemented a new regulatory framework with the aim of increasing the economic viability and improving investors' confidence. Overall, this new framework is helping overcome the barriers to access long-term project finance that have hindered renewable

Does Argentina have a blending mandate for biodiesel & bioethanol?

Argentina has a 10% blending mandate for biodiesel (Resolution 390/2014) and bioethanol (Resolution 44/2014). The cornerstone of biofuel policy in Argentina is the Biofuels Law (Law 26093) of 2006 and the Decree 109/2007 regulating it. The Biofuels Law applies to biodiesel, bioethanol and biogas.

How much electricity will Buenos Aires produce a year?

Ch, Buenos Aires province. It is expected to deliver 209.7 GWh of electricity annually equivalent to 47.9% net capacity factor (P75). Awarded at a price of 49.1 USD/MWh, the project will be partially guaranteed by the World Bank for USD 25 millions over 8 years from the date
