

Does Macao have a photovoltaic energy contract?

The regulations require investors to enter into a 20-year contract for the purchase of photovoltaic energy with Macao's sole energy service provider, Companhia de Electricidade de Macau (CEM). Essentially CEM will purchase the electricity produced to ensure investors profit within a reasonable period.

Does BB energy own Solarcentury Africa?

Since BB Energy acquired Solarcentury Africa in March 2021 it has become a key part of BB Energy's renewable ambition. Solarcentury Africa's integrated business model means it builds, owns and operates solar projects as well as managing the financial and commercial stages such as equity, debt, power purchase agreements and energy management.

Can Macao increase solar energy?

The Macao government also sees an opportunity to increase solar energy. To encourage the installation of PV systems, officials passed a set of safety and installation regulations in 2015.

Is solar energy efficient in Macao?

However, in the view of Macao-based scholar Wai Ming To, interviewed later in this special report, "Macao is a small city and has many high-rise buildings. Thus, solar energy is not efficient due to the shadowing effect of adjacent buildings and the small ratio of rooftop area to total floor area.

How many photovoltaic interconnections have been completed in Macao?

In response to a written inquiry from Macao News, the Environmental Bureau said that only five photovoltaic interconnections were completed by the end of March 2021. Meanwhile, the bureau received about 25 inquiries from local schools, industrial and commercial buildings and public utilities.

Does China's Energy Strategy work for Macao?

According to the National Energy Administration of China, the share of clean and renewable energy in China's electricity generation has almost doubled over the past decade, surging from 13 per cent in 2011 to 24.3 per cent in 2020. This bodes well for Macao. "Developing solar and wind energy has become China's core energy strategy," he says.

BB Solar LLC is a company founded in 2011 in Podgorica that covers a wide range of activities in the field of energy efficiency and environmental protection. Electrical works and systems of renewable energy sources.
