

Who is CBAK energy technology (CBAT)?

Note:CBAK Energy Technology,Inc. (NASDAQ: CBAT) went public on NASDAQ in 2006. We are the first Chinese li-ion battery manufacturerlisted on NASDAQ.. Founded in 2001,CBAK Energy Technology,Inc. (Nasdaq: CBAT) is a leading high-tech enterprise engaged in the development,manufacturing,and sales of new energy high power lithium batteries.

What is CBAK energy?

The research and development 32140 large-sized cylindrical battery is the main focus of CBAK Energy in recent years. Compared to previous 26650 model, the energy capacity of one single cell increased 5 times as well as 25% increase in energy density and 20% reduction in cost per kilowatts.

What does CBAK stand for?

CBAK Energy Technology, Inc. (NASDAQ: CBAT) ("CBAK Energy," or the "Company"), a leading lithium-ion battery manufacturer and electric energy solution provider in China, today announced a significant technological advancement with its model 32140 battery, a large cylindrical lithium-ion battery mass produced at its Nanjing facility.

Who is Bak power & CBAK energy?

As one of China's leading companiesin the development of model 46800 batteries,BAK Power has agreed to supply its battery products to CBAK Energy,creating synergy with models 46115 and 46157 batteries developed by CBAK Energy and reinforcing product supply while establishing non-compete agreements for certain key customers.
