

What is the Dominicana Azul solar project?

The Comisi3n Nacional De Energia (CNE) of the Dominican Republic announced the start of work on the Dominicana Azul solar project shortly in late December (22 December). Construction has started on the first major solar-plus-storage project in the Dominican Republic, featuring a 99MWh battery system.

What is the first solar-plus-storage project in the Dominican Republic?

Construction has started on the first major solar-plus-storage project in the Dominican Republic, which features a 24.8MW/99MWh battery energy storage system (BESS). The Comisi3n Nacional De Energia (CNE) of the Dominican Republic announced the start of work on the Dominicana Azul solar project shortly in late December (22 December).

Why did the Dominican Republic start a solar park in 2022?

On 2022, DOMINION completed the commissioning of El Soco photovoltaic solar park in the municipality of Consuelo, Dominican Republic. The energy deficit and dependence on fossil fuels drove the Dominican Republic to step up its commitment to clean energy.

How many solar panels are used in Dominican Republic?

For the construction, which has had an investment of 93M USD, a total of 147,870 solar panels were used. The project helps Dominican Republic to reach its goal until 2025, the year in which they expect 25% of the electricity consumed by the country to come from renewable energies, and has generated more than 500 direct jobs in the region.

Why did the Dominican Republic build a photovoltaic plant?

The energy deficit and dependence on fossil fuels drove the Dominican Republic to step up its commitment to clean energy. DOMINION took on the task of building the photovoltaic plant in this Caribbean country, with an offer that included everything from the design and construction of the plant to its operation and subsequent maintenance.

<p>Santo Domingo.- Minister of Energy and Mines, Antonio Almonte, met with representatives from the International Solar Alliance (ISA) and signed a Memorandum of Understanding to hold the Sixth Meeting of the Regional Committee of the International Solar Alliance for Latin America and the Caribbean in Santo Domingo. The event will take place from ...

The national energy commission (CNE) of the Dominican Republic this week granted a definitive concession for a 83.4-MW/101.6-MWp solar project with storage, while the ...

Somos l3deres en el campo de la tecnolog3a fotovoltaica. Realizamos instalaciones fotovoltaicas integrales: selecci3n, instalaci3n, documentaci3n, servicio.

Sobre nosotros NUESTRA HISTORIA Escala Solar es una empresa especializada en el desarrollo de proyectos de energí;a solar fotovoltaica, avalada por profesionales con a#241;os de experiencia en el sector de la energí;a solar ...
