

Who are the best solar energy companies in Finland?

Alternative Solutions Finland Oy: Solar thermal systems and components, retail. Areva Solar Oy: Turn-key solutions for solar energy. Financing options for large plants. Aura Energia: Holistic energy service provider in Turku area of Finland. Aurinkoinsinööri Oy: ST and PV-systems design, import of SMA products, turn key projects.

Does Finland have solar power?

There is plenty of solar energy available in Finland, and solar power is predicted to be one of the lowest-cost electricity production methods in the coming years.

Where should I buy solar panels?

We recommend acquiring your panels from a reliable company that is sure to remain in business for the entire lifecycle of your solar power system. A good salesperson will answer any use-phase questions you may have, handle your warranty issues, if necessary, and enable you to expand your system and add new products to it.

Why should you choose solar Finland?

Solar Finland and its subsidiaries with strong long-term background are experts in all aspects of solar energy. Our extensive know-how and experience of over 40 years make it possible to develop in different areas making our products and services competitive in the solar energy markets both domestically and abroad.
