

What happened in the Democratic Republic of Congo in December 2023?

In the aftermath of flawed, violent national elections in the Democratic Republic of Congo (DRC; the Congo) in December 2023, severe clashes between the military and insurgents--most prominently, M23 and the Allied Democratic Forces (ADF)--continue in eastern DRC.

How will Nuru empower 5 million Congolese people?

By delivering world-class renewable energy and connectivity services, Nuru aims to empower 5 million Congolese people, one connection at a time. Moving ahead, it will be important to strengthen the public sector and the government's capacity for cross-unit delivery in order to effectively finance renewable energy mini and metro-grids.

Why are Congolese riders protesting against UN Stabilization Mission?

Congolese riders participate during a demonstration to demand justice for the murder of civilians killed during a protest against the United Nations Organization Stabilization Mission in the Democratic Republic of Congo and East African Community Regional Force in Goma, September 4, 2023.

What is happening in DRC?

Though the eastern regions of DRC are the most violent, political violence exacerbated by December's elections has contributed to a national state of political disorder and insecurity. In March 2024, the UN reported that the number of internally displaced people in DRC had reached 7.2 million--one of the largest in the world.

Why is the Congo conflict a global problem?

The abundant natural resources--especially precious minerals--found in Congolese soil have globalized the conflict in eastern DRC. While U.S. companies once owned vast cobalt mines in the Congo, most were sold to Chinese companies during the Barack Obama and Donald Trump administrations.

What happened in DRC in February 2024?

Clashes dramatically increased in February 2024, provoking international outrage and desperate humanitarian conditions. Though the eastern regions of DRC are the most violent, political violence exacerbated by December's elections has contributed to a national state of political disorder and insecurity.
