

Does ezviz cameras have cloud storage card

Does EZVIZ offer cloud storage for its cameras?

EZVIZ offers cloud storage for its cameras through its standard plans. However, the storage is limited to one camera per plan. Plan pricing and details may vary among countries and regions.

What is EZVIZ CloudPlay and why should you use it?

EZVIZ CloudPlay is a cloud service platform that offers several benefits. It prevents video loss due to storage card failure or camera theft, allows you to view and replay moments on the cloud, and eliminates storage limits. It's all about providing seamless, interactive experiences.

Why should you use EZVIZ?

EZVIZ CloudPlay offers a safer, simpler way to store and share your videos. No more video loss due to storage card failure or camera theft, and no more storage limits with local storage tools. You can access live videos on your smart camera anywhere and anytime through the EZVIZ App.

How do I enroll my camera in EZVIZ CloudPlay?

To enroll your camera in EZVIZ CloudPlay, first download the EZVIZ App, log in, and connect your EZVIZ products to it. Then, select the camera you want to enroll from the EZVIZ App. Next, choose your storage plan and enjoy all EZVIZ CloudPlay benefits!

How long is the free trial for EZVIZ CloudPlay?

Every EZVIZ camera can enter a 30-day free trial on EZVIZ CloudPlay upon camera purchase. The standard plans only offer cloud storage to one EZVIZ camera.

How do I subscribe to EZVIZ CloudPlay?

To subscribe to EZVIZ CloudPlay, please refer to the subscription page on your EZVIZ App for final information. After setting up your EZVIZ products on the app, select the camera you want to enroll and choose your desired storage plan.
