

What can Evo power do for You?

Grid-connect applications such as Power smoothing,firming and Time shifting. Dynamic grid support with synthetic inertia and Black start capabilities. EVO Power supplies these cost-effective,long-life energy storage solutionswith leading warranties and local product and technical support.

What is Evo power amp series?

EVO Power supplies these cost-effective,long-life energy storage solutionswith leading warranties and local product and technical support. AMP Series utilises the latest LFP Liquid-Cooled Battery 20-foot Container System Technology with an IP54 rating,boasting 2,752 kWh of energy.

How much power does the Evo 300 have?

Much like the Jackery Explorer 300,the EVO 300 has a 300Woutput. It can surge up to 600W for a short period before Fanttik's Smartsheild protection chip shuts down the unit. The solar generator comes in at less than ten inches in any three dimensions and weighs in at a respectable 8.8 pounds.

What support services does Evo power provide?

We also provide technical and warranty support servicesfrom our USA based staff and can provide additional localized support from our expanding national dealer network. All EVO Power systems come with advanced software systems that can be remotely monitored and programmed.

Can a fanttik Evo 300 run a margarita machine?

This is why having a portable power station or solar generator like the Fanttik EVO 300 can really help out. The EVO 300 is a device capable of up to 300W of power through its variety of common ports. While 300W is a substantial amount of output,it will not runyour AC or margarita machine.

Why should you choose Evo power source batteries?

EVO Power source batteries from the Global Top 2 lithium battery cell manufacturers to ensure reliable supply and strong bankability. Our solutions have been designed and tested to operate in some of the harshest environments that California,USA has to offer.
