

We believe in delivering the highest quality solar solutions. We partner with the industry's best vendors to offer you top-of-the-line products and equipment. Our selection includes cutting-edge solar panels, inverters, mounting systems, and other components known for their efficiency, durability, and long-term performance.

Linkers enables offline stores to make better data driven decisions by collecting, sorting and analyzing data through IoT sensors that transmits this data to the cloud - clients have a dashboard linked to the cloud solution to look at customer insights (traffic, turn-in rate) and operational metrics like electricity consumption, temperature or waste monitoring.

Using agile methodologies and cloud-based technologies, we create scalable, flexible, tailored to user-focused solutions. Bespoke Solutions & Custom Applications We build bespoke applications in Core and other modern frameworks, using a 3-tier architecture that integrates with systems on AWS and Azure.
