

Where are tecoil lubricants made?

Tecoil has a 50,000-tonne-per-year production facility in Hamina, Finland, and has developed a circular economy network for the collection of used lubricants in Europe. Thanks to an optimised 're-refining' process, the used oils processed by Tecoil have properties comparable to the best virgin base oils.

Why should tecoil join totalenergies?

"Joining TotalEnergies is a great satisfaction and an opportunity to strengthen and develop the activities of Tecoil. It will allow us to jointly build on our work, knowledge, and development of the lubricant sector and meet the new challenges and ambitions of our customers," said Juha Kokko, CEO of Tecoil.
