

Who is eyedro green solutions?

Eyedro Green Solutions Inc. is a software and electronics design company making electricity usage easy to understand. We provide simple solutions for monitoring your electricity in real-time. Combined with the MyEyedro cloud service, Eyedro is an affordable, easy to install and scalable electricity monitor for your home and business.

Where is Eyedro made?

Eyedro electricity monitoring systems are manufactured, assembled, and shipped from Ontario, Canada.

Does eyedro green solutions offer a warranty?

Eyedro Green Solutions Inc. warrants this product for a period of one year from date of purchase for all defects in material and workmanship. Defective parts may be repaired or replaced, at the discretion of the manufacturer, free of charge during this period.

Where can I buy eyedro products?

Join thousands of customers in 150 countries already using Eyedro to keep an eye on their electricity use. Eyedro products are sold through distributors, value-added resellers, and direct via Eyedro.com. Please contact us for more information (contact@eyedro.com).

Do eyedro products need to be connected to the Internet?

EYEFI.4 shown above All Eyedro products are designed to take advantage of the MyEyedro cloud services - thus requiring the product(s) to be connected to the internet at all times. There is a small amount of internal memory to store data in the event of a temporary disruption to your internet service.

Can I change the local voltage and line frequency on eyedro products?

For Eyedro EH* and EB* series products, you can change the local voltage and line frequency in the advanced settings for each sensor and module in your system configuration. Eyedro EYEFI series products are shipped with type A power adapters suitable for North American 120V, 60Hz power.
