

Enspec is an electrical and power engineering firm that was founded 30 years ago in the UK, which has some of the world's strictest power quality regulations. Since then, we have evolved into a leading provider of power quality consultancy, studies, and solutions to major partners across the globe.

Enspec also design, manufacture and commission bespoke products, including Harmonic Filters, Reactive Compensation, Power Factor Correction and Point-on-Wave Switching. Following the MBO David and Stephen Jones have issued a joint statement. It said: "Enspec has enjoyed rapid growth of late in an industry that is subject to rapid change.
