

Will Masdar launch a floating solar PV plant in Indonesia?

It is set to launch what would be the largest floating solar PV plant in Indonesia this year. Masdar has been critical in keeping the United Arab Emirates' stance as a global leader in the energy sector. Now, the company has set its sights on expanding into Southeast Asia.

Where is the solar power plant located in Indonesia?

The solar power infrastructure was built on Cirata reservoir, 108 kilometres (67.11 miles) southeast of Indonesia capital Jakarta. A hydropower plant at the dam has an installed capacity of about 1,008 MW.

What is the biggest floating solar power plant in Southeast Asia?

It is set to become the biggest floating solar power plant in the Southeast Asia region and one of the biggest of its kind in the world. The project is being developed by Pembangunan Jawa Bali Masdar Solar Energi (PMSE), a joint venture of Abu Dhabi Future Energy Company PJSC (Masdar) and Perusahaan Listrik Negara (PLN).

What is the largest floating solar project in Indonesia?

The Cirata project is considered to be one of the largest floating solar projects in the region, and one of the largest also in the world. If I'm not mistaken, it's number five in terms of size. Once fully operational, it will be the largest in Indonesia.

Why is Indonesia launching a floating solar plant?

It is symbolic of the ambition of HE Joko Widodo President of Indonesia, his Government, PLN Group and Masdar, that our first project in the country should also be the largest floating solar plant in the region.

Will PLN help the UAE and Indonesia become green hydrogen hubs?

With abundant solar resources, the UAE and Indonesia are in prime position to become green hydrogen production hubs. Both countries have bold net-zero targets which the deepening cooperation between Masdar and PLN will help to support. Masdar looks forward to expanding its pioneering clean energy work with PLN.

Abu Dhabi Future Energy Company PJSC - Masdar, the UAE's clean energy powerhouse, and Indonesia's state-owned utility company, PLN have inaugurated the 145 megawatt (MWac) (192MWp). Cirata floating solar ...
