

In the last five years alone, the solar industry more than doubled, surpassing the size of the oil and gas industry workforce and becoming triple the size of the coal industry. Solar energy now powers our homes, our cars, and even our toothbrushes. Thanks to Dan Fellows, solar energy now helps power Richmond's ambulance fleet, too.

Figure 1: Pediatric vs. adult upper airway anatomy. Head: In the supine position, a young child's head will cause a natural flexion of the neck due to its large size. This neck flexion can ...

Solar energy offers a sustainable, renewable, and abundant power source for the island of Guam. Solar power is mainstream, and with a Federal Tax Credit of 30%, the time is now to invest in a solar system that will lower your power bills, increase the value of your home, and reduce greenhouse gas emissions.
