BMSi grew rapidly over the following 10 years, winning many prestigious industry awards, and were ultimately sold to Centrica in 2008, who saw them as the perfect platform to enter the Building Energy Management System market. In 2011 Gary was back in the BEMS industry with the acquisition of Kendra Energy Solutions.

Our story. For over 20 years, our building energy management system (BEMS) experts have been trailblazing the way to net zero smart buildings. Our integrated approach to optimising the way buildings use and conserve energy has helped thousands of UK businesses and commercial properties achieve - or work towards - ambitious sustainability, energy efficiency and healthy ...

The award will see Kenera custom-build a 10.3 Megawatt Hour (MWh) BESS that will optimise energy efficiency at Urenco's facility in Gronau, Germany, supporting a reduction in energy costs and carbon emissions. Urenco will utilise the system to help store electrical energy from an integrated solar farm at the plant to enable that power to be ...

To intensify Scotland's capabilities, we acquired BMS Energy Controls (BMSE) in August 2021. Legally, BSME became part of Kendra the following April (2022) and their contribution has given our growth plan a real boost.

Thorsten Dirks, Vice President of Kenera manufacturing and Managing Director of Bentec commented: "This agreement is an important milestone in Kenera's development, supporting us in creating innovative technological solutions and allowing us to play an active role in the energy transition.

Our energy experts identify areas that would benefit from connection to the BEMS and/or monitoring devices. We supply, install and commission the BEMS projects, taking control and delivering savings in energy, carbon and cost. We also install energy monitoring systems to help identify areas where additional energy savings can be realised.
