

Who is Linuo solar?

Founded in 2002, Linuo PV Group was one of the first Chinese companies manufacturing and developing solar photo-voltaic products, quickly becoming a provincial high-tech enterprise and a leading PV producer with sales of solar cells and solar modules at home and abroad. Our solar cell production equipment is sourced from leading manufacturers.

Where are Linuo solar PV products sold?

Linuo Solar PV products are sold to more than 30 countries and regions, including Germany, Japan, Italy, Spain, Greece, Belgium, Czech Republic, Romania, the US, Brazil, Chile, Australia, and South Africa. Our factory in Jinan covers an area of 270 hectares. The production capacity for crystalline silicon solar cells and modules is 1.2 GW.

Who is Linuo PV?

Linuo PV is a leading enterprise in the Innovative Export Base for New Energy- we seek to grow our exports by unceasing technological innovation. Linuo PV has been selected as a Pioneer Enterprise and also a National High-tech Enterprise in Solar Energy Industry under the central government's National Torch Plan.

Why should you choose Linuo solar PV?

Linuo PV has become the designated supplier for the top five power generation groups in China, and enjoys a solid international reputation. While emphasizing company profitability, Linuo Solar PV also attaches great importance to the well-being of the employees, assisting with accommodation, everyday needs and social services.

Who accredits Linuo solar PV?

Solar cells and modules produced by Linuo Solar PV have been accredited by 11 renowned international standards bodies, including TUV, UL, MCS, J-PEC, CEC, IEC, CE, PV Cycle, and CGC-Solar. In 2010 Linuo Solar PV was accredited by Quality System ISO9001, Environmental Management System ISO14001 and the Occupation Health Safety Management System.
