

What is MTN Lumos?

MTN Lumos is a clean and portable solar device that is an affordable replacement for expensive and dangerous kerosene and lantern generators. It can power a variety of DC devices, including lights, cell phones, fans, computers, TVs, and other compatible small electronics.

Who is Lumos & why should you buy a solar home?

Lumos, a market leading provider of high-quality solar home systems, is revolutionising the African market with a reliable and clean power solution, accessible to everyone. There are currently close to 1 billion people in Africa with poor or no access to the electricity grid.

Is Lumo Energy the best electricity provider in SA?

Lumo Energy has re-emerged as the top electricity provider in SA this year, scoring an almost clean sweep of five-star ratings across the board. The exception to this was its online tools and advice, where it received four stars. Lumo Energy is one of two providers owned by renewable generation company Snowy Hydro - the other being Red Energy.

How does Lumos work?

Lumos replaces hazardous and expensive kerosene lanterns and generators with safe, clean and environmentally friendly solar power. Lumos' systems are easy to install and operate on an ongoing basis, making them accessible to everyone. Customers pay the affordable monthly instalment via their mobile phone.

Who are Lumos electrical?

When it comes to electrical work, you can't take chances with safety. That's why corporate and commercial clients return time and time again to Lumos Electrical, the experienced, fully qualified electrical contractors you can trust. Lumos Electrical offer a wide range of competitively priced electrical services.

Why should you choose Lumos?

Lumos provides a source of reliable and renewable energy to its customers, offering a clean and affordable alternative that contributes to the reduction of CO<sub>2</sub> emissions globally. Currently, more than 22 million polluting, dangerous and noisy generators are in use in Nigeria. Using Lumos' SHS can replace these generators and help reduce pollution.

By Modupe Gbadeyanka Earlier this year, MTN Nigeria, in partnership with Lumos, launched a mobile solar electricity solution for the benefit of families and businesses around the country. The initiative came at a time when Nigerians were yearning for stable electricity supply, which the government has failed to give.
