

What is Lumos & how does it work?

Lumos enables people to replace hazardous and expensive kerosene generators and lanterns with modern solar electricity that can power lights, cellphones, fans, computers, TVs and other small electronic devices (all at once, every day).

How does Lumos help people in Sub-Saharan Africa?

Millions of people in Sub-Saharan Africa face either having power by relying on expensive generators that release dangerous fumes into their homes or not having any at all. Lumos eliminates this issue altogether by providing households and SMEs across Nigeria and Côte d'Ivoire with clean, reliable and affordable energy.

Who is Lumos & why should you buy a solar home?

Lumos, a market leading provider of high-quality solar home systems, is revolutionising the African market with a reliable and clean power solution, accessible to everyone. There are currently close to 1 billion people in Africa with poor or no access to the electricity grid.

Why should you choose Lumos?

Lumos provides a source of reliable and renewable energy to its customers, offering a clean and affordable alternative that contributes to the reduction of CO₂ emissions globally. Currently, more than 22 million polluting, dangerous and noisy generators are in use in Nigeria. Using Lumos' SHS can replace these generators and help reduce pollution.

Can Lumos improve education in Nigeria and Côte d'Ivoire?

With school back in full swing, children across Nigeria and Côte d'Ivoire who have Lumos in their homes are able to enhance their education. By providing them with light and a clean fume-free environment, children can study without interruptions into the hours of darkness, all from the safety of their own homes.

Why should you use Lumos' SHS?

Currently, more than 22 million polluting, dangerous and noisy generators are in use in Nigeria. Using Lumos' SHS can replace these generators and help reduce pollution. By using Lumos' SHS, customers can improve the quality of their air and reduce health issues caused by unsafe kerosene lanterns and generators.
