

How much does a C&I solar project cost in Luxembourg?

Luxembourg has kicked off its second tender for C&I solar projects ranging in size from 30 kW to 5 MW. It is offering rebates of up to EUR745 (\$835) per kilowatt installed and up to 55% of the total cost of buying and installing systems. Luxembourg has selected 75 solar projects in the nation's first procurement exercise for self-consumption.

Will Italian solar projects get bigger in 2025?

Spillati said that, with the subsidies for rooftop PV which have driven a lot of Italian solar additions coming to an end, he is expecting "almost three times the amount of utility-scale solar as in 2023" and that "the average size of projects is going to get bigger". Understanding PV module supply to the European market in 2025.
