

Will totalenergies invest \$10 billion in Suriname Oil & Gas Project?

French oil major TotalEnergies will sign a final investment decision (FID) on Tuesday for a more than \$10 billion offshore oil and gas development in Suriname, the South American country's first, said four sources with knowledge of the project.

Will Suriname's Oil & Gas project start in 2028?

PARAMARIBO (Reuters) -France's TotalEnergies and U.S. APA Corp on Tuesday announced a positive investment decision for Suriname's most promising oil and gas project, Block 58, which is expected to inaugurate the nation's offshore output. TotalEnergies expects to begin output at the \$10.5 billion project in the first half of 2028.

Where is totalenergies located in Suriname?

TotalEnergies is present in Suriname since 2019 in Block 58 where five significant discoveries have been made and is also exploring Blocks 6 and 8 since 2023. TotalEnergies is a global multi-energy company that produces and markets energies: oil and biofuels, natural gas and green gases, renewables and electricity.

How much money will totalenergies bring to Suriname?

According to previous media reports, Staatsolie expects the development will bring in between \$16 billion and \$26 billion over its lifespan. TotalEnergies' investment decision comes only a year after the end of the appraisal exploration of the block. The global energy company entered Suriname in 2019 when it bought a 50% stake in the block.

Is Staatsolie Maatschappij Suriname NV interested?

Staatsolie Maatschappij Suriname NV, Suriname's national oil company, intends to exercise its option to enter the development with up to 20% interest. Partners agreed that Staatsolie will contribute to the project from FID and will finalize its interest before June 2025.

Will totalenergies invest in the Gran Morgu oil field?

Europe's second-largest integrated oil company by market value said Tuesday that it signed a final investment decision for the Gran Morgu field, which has estimated recoverable resources of more than 750 million barrels. The project fits with TotalEnergies' strategy of betting on low-cost, low-emission oil projects around the globe.

Suriname is poised to join the world stage as a global energy supplier after French supermajor TotalEnergies and US independent APA green-lighted the country's first major oil and gas development last week. The \$10.5 billion deepwater Gran Morgu project puts the small South American nation on the map as a future producer and likely exporter of ...
