Aionrise (Delaware, USA) has purchased the fully automated solar panels manufacturing faciltiy located in Georgia, Europe in March 2021. The main target markets for a brand are the USA and Europe. The factory was built by Swiss and German PV technology companies and started operation in 2019 with an annual capacity of 500MW.

Solar PV module manufacturer AIONRISE announced the purchase of fully automated solar panels manufacturing facilities located in Georgia, Europe, earlier this year. The main target markets for the brand are ...

I purchased a pallet of 30 330w AIONRISE panels from Signature Solar. These panels were advertised as UL Certified via TUV Rheinland. I'm using a 3rd party permitting agency here in California. When I submitted the spec sheet they responded that they couldn't find evidence of the UL certification so I tried to dig it up.

Upgrade your energy infrastructure and embrace a sustainable future with our Solar Kit featuring the Growatt MIN7600TL-XHUS inverter, Aionrise 360W solar panels, and Tigo TS4-A-2F RSD - the perfect synergy for

a powerful, eco-friendly energy solution.
