I was wondering what the best solar 3.0 grenade is in terms of just base dps without damage over time. I know Solar grenades are really good and I love thermite as a Titan Main. But I was wondering if there were any up to date stats on what grenade does the highest base damage on explosion of the grenade. Like incendiary and fusion for example

Having an AIMS Power inverter is crucial in Grenada because backup power systems are so imperative if living on the island.. Grenada electricity is 230 Vac 50 Hz, but power outages are not uncommon due to extreme tropical weather and electrical systems that can be unreliable. AIMS Power inverters, inverter chargers, solar panels and other electrical system accessories can ...

Everything you need for emergency backup, mobile and/or off-grid electricity applications in Grenada. AIMS Power inverters, inverter chargers, solar panels, & more. FREE SHIPPING

I stick with either Fusion or Healing grenades depending on the content. My solar Titan has 80 discipline so the cooldown on both is super short. Imo Fusions are the best all around solar grenade, solid damage, short cooldown, also gives a decent amount of scorch stacks.

Panele pod?ogowe D?b Grenada D4556 AC4 8 mm, 87EU4556- Panele laminowane PLATINIUM to nie tylko znakomita jako??, ale równie? kreuj?ca nastrój i podkre?laj?ca charakter wn?trza kolorystyka - od klasycznych d?bów po

Solar is low self damage and high scorch IF they stand in it the entire duration, however that's not usually very likely. Thermite is high damage and scorch if they get hit by multiple waves, but they can also move out of it...thermite is more reliable than solar. Fusion is individual target high damage and scorch, but it's (near) instant and ...

Plan: Scavenged solar panel is a workshop object plan in Fallout 76, introduced in the One Wasteland For All update. It can be obtained by level 50+ player characters as a reward for successfully completing a Daily Op . The plan is also sold by Minerva as part of her rotating inventory. This plan unlocks crafting of the scavenged solar panel at a C.A.M.P. or workshop.

Lightwork Power Caribbean is based in Grenada and we design and install systems that are designed with all the Caribbean considerations, codes and characteristics in mind. Quality equipment installed by our qualified electricians ...

Solar grenades don't stack - you just need the one for maximum damage. The advantage of Sunbracers is being able to cover a huge area with your grenades due to high uptime, rather than raw boss damage. For that, you'll want Starfire Protocol for fusion grenade spam from a well/rift.
