What is the largest solar PV market in Poland?

By geographical distribution, the largest share of solar photovoltaic (PV) capacity in Poland is belonging to the Lublin province with more than 10 % of all installations in the country. Is it possible Polish solar PV market to start growing sizeable in the near future?

Are photovoltaic panels available in Poland?

Marta Walendzewicz, Board Member of Menlo Electric, explores the availability of photovoltaic panels, trends, and challenges in the Polish photovoltaic market and the importance of choosing the right inverter. As we move further into 2023, the photovoltaics market in Europe and Poland has seen a range of fluctuations in prices.

How much power do PV installations produce in Poland?

At the end of the first quarter of this year, the total power of PV installations exceeded 13 GW, with the share of prosumers being 74%, the share of small installations (50-1000 kW) 21%, and large PV farms 5%. The importance of energy from PV installations in energy production in Poland increased significantly.

How important is PV energy in energy production in Poland?

The importance of energy from PV installations in energy production in Poland increased significantly. The share of PV energy in electric power from RES increased from 3% in 2019 to more than 23.3% in 2022 and 4.5% in the total generation structure (four years ago, it was only 0.4%).

Is the photovoltaic market changing in Poland?

As we take an up-close look,it can be noted that as the photovoltaic market in Poland evolves,there is a noticeable shift towards adopting newer trends in residential and ground-mounted installations.

Is there a demand for photovoltaic inverters in Poland?

As the photovoltaic market in Poland continues to evolve, the demand for inverters in the 20-150 kW range for commercial installations has largely been met with improved availability. However, as mentioned earlier, the market still experiences shortages of inverters above 200 kW, which can result in waiting times of over a year.
