

How much money will Puerto Rico spend on a solar system?

Of the total funds, up to \$190 million will go to Puerto Rico's Housing Administration and a private company to finance solar and battery systems in public housing common areas and subsidized multifamily housing properties. An additional \$175 million will be directed toward healthcare and dialysis centers.

What does Puerto Rico's \$175 million funding mean for health & dialysis centers?

An additional \$175 million will be directed toward healthcare and dialysis centers. This funding is part of ongoing efforts to address Puerto Rico's energy challenges, which chronic power outages have exacerbated.

Why did Puerto Rico get a power outage?

The announcement comes as the U.S. territory continues to struggle with chronic power outages that have worsened since Hurricane Maria pummeled the island as a powerful Category 4 storm in 2017, razing the electric grid. The outages also are blamed on a lack of maintenance and investment in its electric grid for decades.
