Mr. Lai added that the firm has received a \$100 million QFII quota and that its overseas fund products have drawn down the quota to invest in A-shares. According to Donna Chen, managing director of Keystone Intelligence, the move marks a milestone in cross-strait capital flows - although she notes that the existing QFII quota for Taiwanese ...

Foreign investors holding QFII or RQFII approval are able to acquire the shares of any A-share listed company (subject to a cap of 30% on total QFII/RQFII ownership of a single company). The other options below either have longer lock-ups on each individual investment or offer access to a more limited A-share investment universe.

Shares transferred on the national equities exchange and quotations (NEEQ) Eligible products traded on the domestic interbank bond market; Publicly offered securities investment funds; ... QFII: certain type of institutional investors with certain AUM and operation experience; RQFII: institutional investors meet general operation and compliance ...

considerably accelerated the QFII approval process. A total of 72 firms were granted the QFII status in 2012, and the number was 45 in 2013. These QFII institutions come from 27 countries and regions. Table 5.3 illustrates the geographical distribution of QFII institutions by the end of 2013. It suggests that a large proportion of QFII institu-

A custodian bank's main job is to safeguard all the assets that the QFII has put under its custody; conduct all QFII related foreign exchange settlement, sales, receipt, payment and RMB settlement businesses; supervise investment activities of QFII, and report to CSRC and SAFE in case QFII investment orders are found to have violated laws or regulations; and ...

We have previously summarised the key pathways for foreign investors to acquire A-shares of Chinese companies listed on the Shanghai and Shenzhen stock exchanges (see previous alert: China removes quotas for foreign institutional investors under the QFII and RQFII schemes). As noted in that alert, a key available pathway which has long existed is the ability ...

Initially, Chinese authorities imposed quotas on foreign investors to control the total amount of capital coming into the country. These quotas were expanded during the early years of the schemes and then abolished. Similarly, ...

As of October 14, 2004 a total of 25 foreign institutions have received QFII licenses with quotas ranging from \$50 million to \$800 million, amounting to more than \$2.8 billion authorized for ...

A QFII must remit its funds into China within six months after being granted the investment quota by SAFE. If a QFII fails to remit the principal in full within the stipulated six month period and the amount actually remitted is more than the equivalent amount of US\$20 million, the amount actually remitted will be its investment quota.

On September 25, 2020, the China Securities Regulatory Commission (CSRC), the People's Bank of China (PBOC) and the State Administration of Foreign Exchange (SAFE) jointly issued the new QFII/RQFII regulations, proposing significant amendments to the current QFII/RQFII regime, including unifying QFII/RQFII rules, expanding permissible investment scope, as well ...
