

Who is Hager energy?

Ambition to play a leading role in renewable energy supply and management: With the beginning of the new year Hager Group starts the Business Unit Hager Energy.

What's new at Hager energy?

The new business unit, Hager Energy, is under the leadership of Andreas Piepenbrink, CEO and R&D;my Becher, COO. Hager Energy will regroup team members who are already working on energy management projects. "We foster agility by bringing together E3/DC and Hager Group teams with common objectives and priorities.

How much does electricity cost in Saint Martin?

For Sint Maarten, the equivalent rates are roughly \$0.35/kWh. Like many islands, Saint Martin is highly dependent on imported fossil fuels, leaving it vulnerable to global oil price fluctuations that directly impact the cost of electricity.

Will Hager Group EVCs be able to master charging software technology?

All of this depends on highly sophisticated systems talking to each other and our key challenge is to master charging software technology for Hager Group EVCS products worldwide. We are well on our way, having run a successful project with Audi in 2020, using a specially designed e-tron model.

What does gridmarket do for Sint Maarten?

GridMarket was chosen as Sint Maarten's exclusive renewable energy partner to help the island reach 85% renewable penetration and 100% heavy fuel oil free by 2030. Sint Maarten will work with GridMarket to identify, design, procure, and install distributed energy assets and make corresponding infrastructure upgrades.

What is Sint Maarten's national energy policy?

renewable energy.¹⁰ The plan also emphasizes the need to raise awareness of energy conservation among individuals and businesses through communication campaigns. Sint Maarten developed a National Energy Policy (NEP) in 2014 that aims to mitigate the impact of energy use on the environment while reducing electricity tariffs.
