The U.S. Guano Islands Act of 1856 established claims over a number of isolated islands, including Baker, Howland, Jarvis, and Johnston (and some of the islands now belonging to Kiribati, notably Canton and CHRISTMAS islands). Palmyra was claimed in 1862 by the Kingdom of Hawaii, and passed to the UNITED STATES with Hawaii's in 1898.

Navassa Island is an uninhabited island, less than two square miles in size, in the Caribbean Sea, between Jamaica and Haiti. Like many of these Minor Outlying Islands, it became a possession of the US as part of the Guano Islands Act, passed by US Congress in 1856, which allowed US citizens to claim any island with potential mineable deposits of bird guano, not already claimed ...

In 1936, a colonization program began to settle Americans on Baker, Howland, and Jarvis. Still, all three islands were evacuated in 1942 due to World War II. [1] [2] ISO introduced the term "United States Minor Outlying Islands" in 1986. From 1974 until 1986, five of the islands (Baker Island, Howland Island, Jarvis Island, Palmyra Atoll, and Kingman Reef) were grouped under the term ...
