SolarPro is a lead generation program where accredited partners bring prospective clients for rooftop solar projects to SolarSquare Energy. These clients can be reached through using existing networks (both professional and personal), social media promotions or in-person outreach.

After I left my my career of 17 years, I finally took the opportunity to learn about solar by becoming a Solar Grids franchise owner. I felt this was the biggest way to give back to my community on a local and worldwide level. My future goal with solar is to give everyone in my local community and beyond the opportunity to go solar.

In a typical year, 98% of Uruguay's grid is powered by green energy. How did it get there? It involved a scientist, an innovative approach to infrastructure funding, and a whole lot of wind.
