

How can solar panels be used in Bermuda?

Deploy solar panels in discrete locations to meet Bermuda Government and satisfy listed building planning regulations. Optimize available ground space and create economies of scale while effectively addressing aesthetic considerations. Construct a dedicated facility designed for solar installation that doubles as a shade provider or carport.

Who is Bermuda Engineering Company Limited?

Bermuda Engineering Company Limited was founded in 1935 by Gordon Hamilton Burland, a Bermudian renewable energy pioneer and engineer. Back then, he built the first clean energy microgrid in Bermuda and demonstrated bold energy leadership for his time. In 2010 the company was reinvigorated and has been operating as BE Solar since.

Do solar panels withstand hurricane-force winds?

We understand the challenges of designing solar systems in a salty, corrosive climate. We prioritize sourcing smart technology and materials to guarantee durability and reliability. Our solar panels withstand hurricane-force winds, are backed by a 30-year energy production guarantee and paired with Enphase IQ microinverters.

Not only do BE Solar PV systems pay for themselves within 5 to 6 years at a rate of return between 17% & 21%, BE Solar provide SolarWorld panels that offer the only 30 year guaranteed energy performance warranty in Bermuda offering long ...

BE Solar offers the best in solar electricity systems for Bermuda's harsh climate. We carry modular, completely integrated systems that are designed to expand with your growing needs or repair and replace over time.

This section provides an overview of current solar panel rates in the international market. Brand Price USD; Longi: 0.10\$ to 0.14\$ per watt; Jinko: 0.09\$ to 0.12\$ per watt; Inverex: 0.10\$ to 0.13\$ per watt; Canadian: 0.09\$ to 0.13\$ per watt; These prices are subject to change based on market conditions and availability. The price variations ...

Friday 12 March 2021: Six Bermuda College students enrolled in the Applied Science and Technology programme toured the solar thermal panel installation at King Edward VII Memorial Hospital in February.
