

What makes Solaris a good brand?

Solaris products have been repeatedly awarded for quality and innovation. The Urbino 18 hydrogen bus has won the prestigious 'Bus of the Year 2025' title. All activities undertaken by our company are in line with our mission, which is reflected in our brand's promise: to change the image of public transport.

Who makes Solaris buses?

Solaris, a family company established in 1996, is a global supplier of conventional and electric buses. With a workforce of more than 2,300 people and an annual turnover close to 450 million euros, it is one of the main producers of clean vehicles in the UE, be it electric, hybrid or trolley.

Who is Solaris and what does it do?

Benefiting from 25 years of experience and having manufactured over 20,000 vehicles, Solaris affects the quality of city transport in hundreds of cities across Europe every day. Thinking of the future, the firm is setting new standards by dynamically developing its products, in particular in the electromobility sector.

Who is Solaris Bus & Coach?

The Spanish multinational has acquired the Polish bus manufacturer Solaris Bus & Coach, a transformational deal that sets the company on the road to become leader in urban mobility. The tie will allow CAF to expand its offer beyond the rail equipment sector and to strengthen its position in the electric bus market.

Is Solaris a CSR silver leaf?

Solaris is awarded the CSR Silver Leaf by weekly magazine Polityka for not only its articulated hydrogen bus, but also its Environmental Product Declarations drawn up for two of its vehicle types as well as its educational initiative #CityMission.

Why did CAF acquire Solaris Bus & Coach?

The acquisition of Solaris Bus & Coach, one of the main actors in urban sustainable mobility in Europe, will allow CAF to broaden its already extensive range of products enabling it to meet the current and future needs of urban transportation, an excellent opportunity to position itself in a growing business in the context of global consolidation.
