

Who is SunLink PV?

Sunlink PV founded in 2004 is one of the earliest solar module manufacturers in China and has been engaged in green energy production for 20 years. We provide high-efficiency PERC and TOPCON solar panels. At Sunlink, we are building better solar solutions in innovative ways every day.

What's new at SunLink PV?

This expansion entails a significant ramp-up to a 3GW fully automated capacity, achieved through the integration of cutting-edge technologies. These include N-Type Bifacial TOPCon modules, N-Type IBC modules, and PERC modules, all of which underscore Sunlink PV's commitment to delivering advanced and efficient solar solutions.

Who is SunLink solar module manufacturer?

Solar Module Manufacturer Since 2004 | Sunlink PV founded in 2004 is one of the earliest solar module manufacturers in China and has been engaged in green energy production for 20 years. With senior operation team, industry-leading manufacturing equipment, advanced production management philosophy.

Is SunLink PV a Tier 1 manufacturer?

SunLink PV is proud to be recognised as a Tier 1 manufacturer of modules placing us within the Top 2% of solar manufacturers worldwide. Sunlink Pv opens new production site for high pv panels. September 2013 Sunlink Pv started a new partnership with a Taiwan company for a new pv panels product line and a testing center.

Why should you choose SunLink PV?

Sunlink PV is committed to providing customers with safe, reliable, cost-effective quality solar modules. Sunlink PV had paid continuous attention on quality control, lean production and management from the date of 2004 it founded. We have got certification of IEC61215, IEC61730, CE, CQC, INMETRO, ISO9001, ISO14001, SO45001.

What is SunLink's production capacity?

Our current module production capacity has increased to 400MW from 2010's 100MW with 200MW of solar cell production. SunLink strictly conforms to international ISO9001 Quality Management Systems. With our integral R&D centre, we implement strict inspections on in-coming control, process control and out-going control.

QUALITY AND SAFETY. 25-year output power warranty; ISO9001: 2008, ISO14001, ISO18001 certified factory. IEC 61215, Safety tested IEC 61730, CE Container

The SunLink 440 W N-type Bifacial Black Frame photovoltaic module is built with Half-Cell technology using 108 monocrystalline TOPCON N-type cells with 10 busbars. This design ...

Sunlink PV's OBB modules efficiency up to 23.8% and the module size is 2382*1303*30mm . This one decreasing shadow for busbars, improving current collection ability and improving module's output . And OBB module decreasing risk of microcrack, improving client's value by saving cost on silver paster and lamination materials.

Sunlink PV became Jiangsu famous brand. 2016 Sunlink PV became technical center. 2017 CH group became the biggest shareholder. 2018 Industrial solar projects in China invested by Sunlink PV connected to the grid. 2019 Sunlink PV became the key international brand. 2020 Semi+MBB products passed strict IEC test

SUNLINK PV opinie: SUNLINK PV sprawdzony producent z grupy CHINA ELECTRONICS CORPORATION (CEC), który posiada ponad 17-letnie do?wiadczenie w produkcji ogni?w fotowoltaicznych o wysokiej sprawno?ci. Produkty SunLink PV s? wytwarzane z wykorzystaniem sprawdzonych i przetestowanych na ?wiecie technologii produkcji modu?ów fotowoltaicznych ...

Sunlink PV's products" design and manufacturing are based on 15 years" product warranty for workmanship and materials and 25 years" line output warranty while 30 years" line output warranty for glass-glass products. Sunlink PV have two ...

Solar Module Manufacturer Since 2004 | Sunlink PV founded in 2004 is one of the earliest solar module manufacturers in China and has been engaged in green energy production for 20 ...

Sunlink PV founded in 2004 is one of the earliest solar module manufacturers in China and has been engaged in green energy production for 20 years. We provide high-efficiency PERC and TOPCON solar panels. Our TOPCON solar panel production has reached 3GW, with an efficiency of 22.4%, it has a low degradation rate and high anti-PID performance.

Sunlink Commercial Installer products, partnership program. Engineering, Planning and Construction EPC Support. Over the past 10 years SunLink"s operations, a number of small to medium end customers have inherently needed to source additional components in order to complete their solar PV installations, in turn handing over the necessary components to ...

SunLink PV undertakes strict ISO 9001 quality control with check points at every step of the production process to facilitate conformance and alignment with an assurance of high performance, high yeild, premium solar cells. Ensuring company-wide best practices are used in all facets of operation, SunLink PV has adopted a 6S Lean Manufacturing ...

Sunlink PV N-Type TOPCON bifacial technology increases more on bifaciality which makes solar panels being able to gain more energy from sun. Besides, N-Type panels can generate more ...

Along with the PV module production the amount of installed PV power around the world has increased accordingly. In the end of 2012 the global cumulative installed grid connected capacity was at least 97 GW. The rapid decrease in cost of PV systems in recent years has helped to boost the yearly installed capacity.

SunLink PV founded in 2004, is dedicated to be a world-leading solar module and PV power generation solutions provider. We are specialized on producing highly qualified and high efficient solar ...

Founded in 1997, Sunlink Pv Solar is one of the world's leading PV companies. Fully vertically-integrated from ingots to modules in both mono and multicrystalline technologies, Sunlink Pv offers world class quality in its high performing modules.

Solar projects in Germany invested by Sunlink PV connected to the grid. 2013 Standard Solar Enterprise certified by the Minister of Industrial and Information Technology. 2014 Became a high-tech enterprise. 2015 Sunlink PV became Jiangsu famous brand. 2016 Sunlink PV became technical center. 2017 CH group became the biggest shareholder

Solar projects in Germany invested by Sunlink PV connected to the grid. 2013 Standard Solar Enterprise certified by the Minister of Industrial and Information Technology. 2014 Became a high-tech enterprise. 2015 Sunlink PV ...

Founded in 2005, Sunlink is one of the world's leading PV companies. Fully vertically-integrated from ingots to modules in both mono and multicrystalline technologies, Sunlink offers world class quality in its high performing modules.

Sunlink PV PERC Module's efficiency up to 21.5% with PERC Technology as well as half cell and MBB high density lamination workmanship. The PERC module's degradation is much lower ...

Smart lighting is a lighting technology designed for energy efficiency. This may include high efficiency fixtures and automated controls that make adjustments based on conditions such as occupancy or daylight availability.

Sunlink PV: Ekspert w dziedzinie fotowoltaiki dost?pnym w PVhurt, oferujemy produkty wysokiej jako?ci, kt?re zwi?ksza? efektywno?? system?w s?onecznych.

Mono and Bifacial Up to 555W; Maximum Voltage 1500V; MBB with 12 busbar; up to 21,5% Efficiency; IEC 61730 and Class C Fire Test; 25 years Warranty

Founded in 2005, Sunlink is one of the world's leading PV companies. Fully vertically-integrated from ingots to modules in both mono and multicrystalline technologies, Sunlink offers world ...
