In a recent interview, Syrian Minister of Electricity Ghassan al-Zamel detailed the extensive damage that the electricity sector has endured over the thirteen-year war, estimating direct losses at \$40 billion and indirect losses exceeding \$80 billion. The destruction of electrical infrastructure and transmission lines has incapacitated more than 50 percent of ...

We have revised down our forecast for growth in Syria in 2025 from 1.6% to 1.0% as we now expect more forceful Turkish military action in North East Syria following the election of US President Donald Trump. While the return of Syrian refugees to areas under the control of the Assad regime will de facto shore up domestic consumption, aid

Avec quatre Global Business Units et la création d'EQUANS, leader des services multi-techniques, la nouvelle organisation d'ENGIE est désormais en place.
