

What does tanyuan technology do?

Tanyuan Technology (?????????) is a company that manufactures and sells heat dissipation materials. It offers glass and ceramic back panels, graphite films, heat pipes, green building wuheng systems, etc. Tanyuan Technology &#165;92.42 m in annual revenue in FY 2022.

Who is Changzhou tanyuan technology development company?

Electrical & Electronics, Industrial Equipment & Components, Manufacturing & Processing Machinery  
Changzhou Tanyuan Technology Development Co., Ltd (a board member of Jiangnan Graphene Research Institute (GRI), is focus on the thermal solutions for electronic products.

What is tanyuan graphite sheet (TGS)?

Based on the platform of GRI, Tanyuan has already brought the high thermal conductivity Graphite Sheet (TGS) into commercial production with our own complete technology, crafts, facilities and patents and successfully solve the ...
