

What is the TCL split-type residential energy storage system?

The TCL Split-Type Residential Energy Storage System seamlessly integrates a hybrid inverter and LFP batteries. It satisfies both new installations and retrofitting into existing on-grid systems. The product offers continuous power supply for homes (emergency backup), reduces electricity purchase costs, and leverages peak/off-peak pricing benefits.

What is TCL smart home solution?

Get tailored solutions for your home's energy needs, save money and live green! Experience the Future of Energy with TCL Smart Home Solution. Manage devices easily with TCL Home App, control remotely, and optimize energy use with one app. Enjoy uninterrupted power during emergencies as stored energy powers your home.

Where is TCL SunPower based?

The Chinese group announced the new TCL SunPower Global unit will operate mostly in Europe, the Middle East and Africa, selling SunPower-branded solar energy solutions alongside TCL's own solar products. TCL Technology Group Corp announced today the launch of its new TCL SunPower Global energy business unit.

What does TCL do?

TCL provides premium home entertainment products, cutting edge experiences, and innovative smart solutions. For nearly 40 years, we've been at the forefront of consumer technology, inspiring greatness and delighting millions across the world.

What is TCL Home app?

Manage devices easily with TCL Home App, control remotely, and optimize energy use with one app. Enjoy uninterrupted power during emergencies as stored energy powers your home. Harness renewable energy sources to reduce reliance on the grid, promoting a greener and more self-reliant lifestyle

How much storage does the TCL 10L have?

Don't expect a lot of storage from the TCL 10L, which ships with 64GB of capacity. A microSD slot lets you add another 256GB to the phone. The Moto G Stylus doubles the on-board storage of TCL's phone, though. The TCL 10L isn't the longest-lasting phone in TCL's new lineup, but it's not far off the pace set by the TCL 10 Pro.
