Is Cape Solace a good solar backup installer?

I would highly recommend Cape Solace as a premier Solar Backup Installer of choice. After an initial confusion on my part to the installation timelines, the actual implementation of the system went seamlessly and within the specified times. The system is working extremely well and immediate post installation support has been very professional.

Solar Hot Water Systems. The beauty of solar water heaters lies in their simplicity, and their exceptionally fast return on investment. A solar hot water system installed in a typical 3-4 bedroom home, will typically reduce the energy bill by 30-50% - which for most households means a payback period of under 4 years.
