

What is triathlon ® lithium-ion battery?

TRIATHLON ® Lithium-Ion batteries are made up of Lithium-Ion cells that are assembled into modules which provide the required voltages and Ah capacities. We offer complete battery systems in all standard battery voltages. The battery system meets the highest safety requirements.

Who makes triathlon batteries?

For several years now, Triathlon Batterien GmbH has been producing battery systems based on the pioneering Lithium technology. TRIATHLON ® Lithium-Ion Battery Systems are developed and designed for safe and reliable use in electric industrial trucks.

Why should you use triathlon ® batteries for electric lift trucks?

TRIATHLON ® batteries of the TPzS product line ensure safe and reliable power for electric lift trucks. With the TRIATHLON ® TPzS A (X) AQUA save battery line, you can increase your productivity and lower your operating expenses through reduced watering intervals.

Our exclusive Tap n" Tilt technology makes changing the batteries a breeze, without ever removing the shades. Remove and replace all 2 batteries from each tray o replace batteries eel e Press buttons above headrail to expose batteries 1 o view instructional video on how to replace batteries please t or call 800.523.9466 vice representative
