

By Carol Glatz Catholic News Service VATICAN CITY -- Pope Francis appointed two special commissioners to start work on building an agrivoltaic system on a Vatican property outside of Rome that could supply the whole of Vatican City's energy needs. "There is a need to make a transition to a model of sustainable development that [...]

Vatican City, 26 June, 2024 / 7:30 pm (ACI Africa). Pope Francis has announced measures to transition Vatican City to using solar energy as its main source of electricity, as outlined in his latest motu proprio titled *Fratello Sole*, or "Brother Sun.". The Holy Father has tasked the relevant Vatican governing bodies to collaborate with Italian authorities and build an "agrivoltaic system ...

An agrivoltaic solar plant will be constructed at the Santa Maria di Galeria, a 424-hectare property on the edge of Rome that is owned by the Vatican and is now used for the transmission facilities for Vatican Radio. The solar power produced on the site will be used for Vatican Radio and will contribute to the energy needs of Vatican City.
