

Welcome to the energy storage conference

When is the energy storage global conference 2022?

The Energy Storage Global Conference (ESGC) is back! The conference's fifth edition will be held on 11 - 13 October 2022 and is organised by EASE - The European Association for Storage of Energy, with the support of the European Commission's Joint Research Centre, as a 100% hybrid event at Hotel Le Plaza in Brussels, as well as online.

What is Energy Storage Conferences?

Energy Storage Conferences is an indexed listing of upcoming meetings, seminars, congresses, workshops, programs, continuing CME courses, trainings, summits, and weekly, annual or monthly symposiums related to energy storage.

What is the energy storage global conference (ESGC)?

The fifth edition of the Energy Storage Global Conference (ESGC) was held on 11 - 13 October 2022 and gathered over 365 onsite and online participants representing EU and national policymakers, utilities, DSOs, TSOs, suppliers, consultancies, the research community and National Regulatory Authorities.

How many delegates attended the energy storage global conference?

More than 220 delegates attended the Energy Storage Global Conference, which saw 49 speakers from the industry, research centres and international bodies from the electricity, renewables and storage sectors, as well as representatives from the European institutions, and national administrations.

What is Energy Storage Summit South 2025?

Energy Storage Summit South 2025 is the perfect platform to meet the most important market players in one room. Join us for onsite workshops, roundtable networking, panels, and presentations with key regional utilities, developers, IPPs, RTOs and ISOs, policymakers, energy buyers, service providers, consultancies, and technology providers.

Who can attend a stationary energy storage networking event?

Join thousands of senior professionals from the stationary energy storage, for engaging dialogue at our networking receptions and daily social gatherings. Attendees include regional utilities, developers, IPPs, RTOs and ISOs, policymakers, energy buyers, service providers, consultancies, and technology providers.

Key topics will include Renewable Energy, Energy Storage & Power Systems, Energy Technologies & Innovations, Power Engineering & Transmission, Sustainable & Green ...

EASE is glad to support the 13th Energy Storage International Conference and Expo (ESIE 2025), which will take place from 10 - 12 April 2025, at the Capital International Exhibition & Convention Center. As the largest and most comprehensive venue of its kind in Beijing, the location combines an exhibition center,
