Battery storage and handling has become increasingly important as we reduce our reliance on other energy sources. In addition to the range of battery storage and handling cages and the Containit battery handling trolley we also have a range of outdoor battery storage boxes for bulk storage of batteries.

The feasibility of outdoor installation depends on factors like battery type, climate, and, in some cases, local regulations. The type of solar battery you have or plan to use plays a significant role. Some batteries, such as lithium-ion, are more tolerant of various temperatures and environmental conditions, making them suitable for outdoor use.
