Zimbabwe plans to install floating solar panels at at least two of the country's dams, including Lake Kariba as the country plans to increase its electricity supply. At a press briefing in Harare this week, the country's secretary for Energy and Power Development, Gloria Magombo, confirmed an initial 150MW of solar will be installed on the ...

Zimbabwe, as a sun-soaked nation, is harnessing the enormous power of the sun to cater to its energy needs. This has led to the rapid growth of numerous solar companies in Zimbabwe that manufacture and distribute solar equipment, including panels, inverters, and batteries. Two main supply chain centers are driving the nation's solar energy sector: Harare and Bulawayo.
